Ok, he will not speak with you, so if you are able to hire someone, please let me know.

I really wish things had turned out differently. I wish you all the best.

Susan,

If at any point you manage to actually hire a lawyer, please send me their contact information.

If not, we can settle this in court.

That is what she said, as I stated I told both of you I did not have his contact information with me.

Her words were “ give her his name and she can google his information”. I gave you his name when we were standing outside of the courtroom. He has asked me to use a different attorney for this matter which I am doing.

I am in the process of finalizing with the new attorney for this case and he will not talk to you directly; he will only speak with your attorney. He was hoping that the suggestion of settlement would be accepted as

1) You and I will both wind up spending money unnecessarily

2) you are misunderstanding the intent of the contract

I offered to give you hourly work for ongoing and you refused. The contract by no means states you will be paid without doing work.

Sarah, you are a nice woman, and I am sorry that we did not have the ability to keep you on, but the revenue simply wasn’t there to make that happen under the terms you wanted.

If you want to settle amiably, please let me know, otherwise please let me know when you have an attorney and we will go from there.

I am hopeful that we can resolve this issue.

Thank you

Susan, there is no judge on the planet who would tell the charging party to just goggle it.

I did and she told you to Google his information. He is not handling this as he is not an employment attorney
